Number 8

Bible Chair For Baptists

Property Is Bought to Facilitate Work of the Church Among Students

In keeping with an action of the Board of Regents at a recent meeting, permitting denominationally owned and operated Bible Chairs adjacent to college campuses, the Baptist General Convention of Texas will offer Bible courses at Canyon with the beginning of the Fall semester of 1946. Miss Eula Potter of Goose Creek High School and Junior College faculty has been elected teacher, and will move to Canyon in June. She is an experienced teacher and received her schooling at Mary Hardin-Baylor College, East Texas State College, and Southwestern Baptist Theological Seminary, holding diplomas from all three institutions. Beginner courses offered for college credit will include a survey of the literature and history of both the Old and New Testaments, and plans call for other courses in the second and third year. If W. T. follows the plan of other State colleges, as much as twelve hours elective credit will be allowed for study of courses in Bible.

Property Bought

The Baptist General Convention of Texas is in the process of completing transfer of title to the residence at 2500 Fourth Avenue, immediately in front of the college administration building, and this will be the temporary location for the Bible Chair class room and Baptist Student Center. The four lots east of this house, give a total frontage of 290 feet, have also been bought by the Convention, and at a future date they expect to erect a suitable building for the Bible Chair and Baptist Student Center, with proper landscaping to make an attractive addition to the campus and the east part of Canyon. This is part of a general movement by Baptists of Texas to provide Bible courses and a general ministry to their students in State Schools, and according to recent reports there are more than eight thousand Baptist students attending State colleges in Texas. According to report from Dr. Roy L. Johnson, Recording Secretary of the Convention and member of the Executive Board and the Bible Chair Committee, the Board has been interested in the fine spirit of the college in Canyon for some years, and is glad to express its faith in the students and in the Canyon people by this tangible investment which they trust will be used for the high purpose envisioned by the committee.

Dr. Ples Harper Has Accepted Place on Faculty

Dr. Ples Harper has accepted a place on the faculty of West Texas State and will become head of the Modern Language department. He succeeds the late Mary E. Hudspeth. Miss Agnes Charlton has been acting head of the department since the death of Miss Hudspeth.

Dr. Harper is a well known graduate of West Texas State. After teaching for several years in Phoenix, Ariz., he went to South America and took his Ph. D. degree from the University of San Marcos, the oldest University in the Western Hemisphere. At the present time he is doing special work in Washington, D. C.

During his college career he stayed in the home of Miss Hudspeth, whom he succeeds.

Beautification on Hiways Under Local Committee

In 1942 the Program of Roadside Improvement was discontinued for the duration of the war. In 1945 the 39th Legislature adopted a resolution "Urging the cities and towns through their clubs and various civic organizations to inaugurate the planting of a county selected indigenous tree or flowering shrub in the yards of homes in towns and along the highways, on public grounds, and at the entrance to towns and cities, so that each town and county may be identified as a city or a county of oleander, red-bud, wisteria, etc., depending upon its choice, and thus reflect a uniform and pleasing planting motif as a living honor to Texas men and women in the Service."

The Texas Highway Department has started this work again, and the Highway Commission has appointed a nine member Roadside Council to serve as interested citizens of the state. The policy of this organization is for each Highway district to have a district chairman, and each county a county chairman. Mrs. D. P. Tudor, 601 Lincoln Street, Amarillo is district chairman of this council. Mrs. T. B. McCarter, Canyon is county chairman of Randall County. Serving on the committee with the county chairman are Mrs. C. R. Burrow, Mrs. Everts Haley, Mrs. Levi Cole, Mrs. W. E. Miller and Miss Lou Ella Patterson, County Home Demonstration Agent.

The organization was not completed in time to make suggestions for spring planting. The county committee will function through the Texas Highway Department as sponsors of the Texas Roadside Development Program. Definite plans will be announced later.

The idea is embraced in "Living Monuments to Our Boys" by H. V. Morelock, retired president of Sul Ross Teachers College. He says, "In the solitude of lonely hours late at night I hear voices from the Spirit world, and they whisper to me: 'Build for us only such monuments as will keep alive in the hearts of all the cause for which we died—A Public Park with stately trees struggling Heavenward; Flowers; Gardens bursting into bloom 'When Spring blows her clarion trumpet o'er the dreaming earth.' Bubbling Fountains with rainbow tinted sprays through which laughing children play hide and seek; A Community Center that will tend to rob tragedy of its horrors and condition youth for a greater tomorrow—a living monument in every hamlet that will tend to soften heart breaking grief and keep alive gratitude to Him who taught us to pray, 'Thy will be done.' On every monument erect a plaque with the same inscription that will nationalize and perpetuate the cause for which we gave our all."

Rain Comes to Aid of Wheat

Various Estimates Made on the Prospects for Wheat Crop of the Year 1946

The first rain for the month of April fell Monday night, which measured .65 of an inch in Canyon. This brings the total moisture for 1946 to 2.94.

Canyon received the heaviest rain of this section of the Panhandle unless it was to the west, where Hereford reported heavier local showers. The south part of Randall county and the northwest section did not receive so much as fell in Canyon.

The wheat outlook for the end of April is spotted over the county. According to farmers who have been in Canyon the past few days, the southeast section of the county is dry and the wheat looking bad. It will take heavy rains to bring the wheat out over that section.

On the other hand the southwest part of the county reports practically a normal outlook for wheat up to the present time. This section was fortunate in having received a heavier snow than fell in Canyon and a considerable heavier rain than was received here.

It is considered almost certain that no freezing weather will come this late in the season. With temperatures ranging to 90 degrees the latter part of March, the continued open weather with no freeze, is considered very unusual.

Some hail fell in Canyon during the rain Monday night. Fruit was knocked off the trees, which are loaded due to the favorable weather.

Richardson Was Visitor in City Thursday p. m.

Arthur C. Richardson of Chicago visited in Canyon a few hours Thursday.

Mr. Richardson was the son of the late Mrs. R. W. Worgan, founder of The Canyon News. It has been many years since he visited in Canyon. He recalled many of the pioneers of Canyon and visited with them as time permitted.

The Newsman first became acquainted with Mr. Richardson when he joined the Panhandle Press Association at McLean in 1912. Richardson was publisher of the McLean News at that time. Only seven publishers attended that meeting. The Newsman is the only one who has continued in the newspaper business since that date.

Ft. Worth Man Is Visitor Hart Home

W. T. Gamblin of Ft. Worth came home with Mrs. Silas Hart last Thursday when she returned from the funeral of his wife, Mrs. Hart's youngest sister, at Ft. Worth.

He left immediately for Amarillo to attend the funeral of his sister, Mrs. A. A. Newman, who died before the funeral of his wife.

Mrs. Gamblin was ill only a short time. She was an active member of the Baptist Church, the Eastern Star and Ladies Shrine.

Mr. Gamblin will visit in Canyon before returning to his home in Ft. Worth.

Asparagus Bed on the George Frank Farm is Now 33 Years of Age

George Frank brought to The News office Friday a bunch of asparagus which he raised on his farm northwest of Canyon.

The bed from which the asparagus was taken has 160 square yards, and is 33 years old. Mr. Frank states that he planted the bed from seed 33 years ago when he came to Randall county. There may be older beds of asparagus in the county, but so far no claims have been made to such a distinction.

Mr. Frank is 80 years old. He has turned his farming work over to his son, Joe Frank, and devotes his time to gardening and chickens. He states that he is unable to do heavy work, but works several hours daily in his garden.

He has sold on the market a great amount of asparagus during the past years, and it is handled regularly in stores in Canyon.

City Engineer Is Employed

Will Make Estimates of Water Extension and of Street Paving Projects

The City Commission has employed Harvey Schmidt as City Engineer to prepare plans and estimates on the paving and water improvements which will be done in the near future. He expects to have this work completed in about two weeks.

After the estimates are received, the City Commission will call a bond election. It will then be up to the voters to determine whether these improvements shall be done.

As pointed out several times by Mayor W. A. Warren and members of the commission, Canyon will pay for the water mains whether this improvement is made or not. If a greater supply of city water is not provided, and mains built to distribute water over the city, then the fire insurance rates will be hiked and property owners will be penalized the price of the proposed bond issue.

When the state widens Highway 87 through Canyon, the city will be required to connect the streets with paving improvements. It is also proposed to include paving of 8th Avenue and other connections in the bond issue which will be called.

All of the improvements will be adequately explained to the voters before the bond issue is presented.

Editorials

The House of Representatives pulled the teeth of OPA in the bill which was passed over protest of the president. The bill will receive kinder treatment in the Senate. The situation is simply this: Under the dictatorial policies of OPA, the black market is flourishing in America; most of the meat supply, and a great part of the building materials are going to the black market. OPA is encouraging such operations thru its short-sighted policies. The Representatives are near the people. They have heard the cry of distress from every state in the union. The people are not so much afraid of higher prices due to inflation as they are of the strangle hold that OPA is trying to fasten on the necks of the people. For that reason the Representatives are willing to run the risk of run-away prices in order to get rid of one of the most unpopular war agencies. It is generally believed that the people have enough sense to run their own affairs, without being dictated to by a bunch of two-by-four politicians in Washington. We shall see what we shall see.

We heard a citizen regret the other day that there were so few local candidates. We happen to know the man, and know his attitude toward candidates. We happen to know that he is anxious to have a lot of candidates to vote against, rather than have a few to support. We happened to know that this voter, and many others like him, joy in having a large group of candidates. They start in as soon as a candidate announces, finding fault and picking the candidate to pieces. When such voters get through with the candidate, the lowly buzzard would have a hard time finding a decent bite. It is such an attitude on the part of public spirited men and women which keeps them from offering for public office. Every voter should carefully analyze the training and character of each candidate. But when they start into the realm of speculation, and see what imaginary defects they can uncover, the whole political atmosphere becomes clouded, and the intelligent voter becomes disgusted.

"Why do people waste their time going to conventions," asked a citizen the other day. For an intelligent person, conventions are not a waste of time. Getting together with persons engaged in the same line of business or the same profession is a treat worthwhile to the person who is seeking information and a better understanding of his own means of making a living. Of course the fellow who is seeking only the questionable pleasure of getting drunk and nursing a headache for a week, the convention is purely a waste of time. Americans are great people to attend conventions. The more conventions they attend, the better citizens they really are.

Lawyers of Texas are in a big squabble among themselves. Some of the lawyers want to reorganize the judiciary, while others hold to the old theory that ancient practices must be maintained. A leading opponent calls the proposed changes "diabolical and damnable." Those who favor the changes point to "corrupt and incompetent judges." Naturally if the latter charge is true, then there is just one source of this incompetency—the voters, who elected to office the handshaking judge who is not qualified for his position. Those who have observed lawyers and courts are convinced that there is plenty of grounds for improvement. Since the lawyers, themselves, are largely responsible for the laws under which the courts operate, the charge "corruption and incompetency" is a slap at the lawyers as a whole, rather than the people. If the lawyers really want court reforms they can get such reforms by appealing to the legislature, which is about 75% lawyers. In the meanwhile the average citizen sits on the sideline and wonders why lawyers throw bricks at the heads of each other.

The only serious objection to Governor Coke Stevenson running for a third term comes from those who believe that old age assistance is the only important function of our state, and that the treasury should be emptied in order to pay much higher pensions. From those who pay the taxes, we have heard nothing but praise for the Governor and his sane administration of public affairs. Those who oppose the Stevenson administration should keep this in mind: Would they prefer to have the Governor throw the finances to the four winds in order that a great spending spree might be enjoyed for one year, or would they prefer to see a continued balanced budget in which the state would continue to pay its obligations? You may bear in mind that there are only about 200,000 persons in Texas who would benefit by the unlimited spending for old age assistance. The total population of the state now amounts to near 7 million.

CIO is going to be more outspoken than ever before in the coming elections. CIO has sent a lot of money into Texas for the purpose of electing men who are favorable to their cause. No one can deny them this right. It is the privilege of every voter to support and work for his friends. Unfortunately the people generally realize that whenever CIO shows up, labor troubles begin. CIO thrives on labor turmoil. Top officials collect huge sums of money from members and are not held responsible for the disbursement of these funds. Officers can pour out money in places where they think it can do the most good. Just why CIO is not required by law to report on the money it handles is a mystery. Everyone else must report on such expenditures. Just why CIO is free to do as it pleases is a slap at good old American horse sense and justice.

The brewers used the newspapers of America last week in making timely suggestions as to saving food for the starving peoples of the world. However, they made an admission which should be pondered carefully by those who "like to guzzle the soda." The brewers state that they no longer use wheat in making beer. For years past the brewers have advised people to drink beer because it was wholesome, and full of food value. They are now using substitutes—no one knows what—and the drinkers are asked to continue drinking an unknown concoction, which has no food value. Naturally we have never understood why anyone should like to get drunk, since we have never been addicted to the habit. But to take into one's stomach a product which the makers do not recommend is beyond us.

BELL BOTTOM TROUSERS

The ditty, "Bell Bottom Trousers," may soon have the nostalgic note of "A Bicycle Built for Two" if efforts to change the sailor uniform are successful. Critics of the old uniform point out that modern ship facilities take much of the wind out of the argument for the practicability of the traditional uniform left over from the days of wood and sail. Some of the older men in for the emergency feel that while the "monkey suit" may have a certain jauntyness on the youngsters, it does not lend dignity to age.

On the other hand, there is no getting away from the fact that a man-of-war's man with his present outfit can cruise for a year with no more than a scrubbing brush, a whisk broom and a little shoe polish, and look as neat and smart on his first liberty as he ever did. The three creases in the collar, like the reverse seam creases in the "bell bottoms," are always there after being stowed in a seabag with sea-man-like skill.

For years the male civilian has been adopting more and more the bluejacket's neckline in business, after knowing its comforts in sportswear.

Many an old Navy hand feels that when "the fleet's in" and a tide of battlejackets instead of bluejackets, overseas caps instead of jaunty flat hats, begins to roll down the street, "something about a sailor" will be gone.

Either Hirohito is the smartest or the dumbest man in Japan. Only time will tell the difference. For years he was played up to the lowly Japs as the God of the empire. The dumb Japs set him up on a pinnacle, and allowed him to grow wealthy at the expense of the people. When he saw that the Japs had lost the war Hirohito came down out of his god-place and became a human. He went to visit General McArthur, instead of demanding that McArthur come to see him. He now mingles with the people. His picture, and that of his family are taken often, and in common surroundings. The question is, will all this display of democracy on the part of the man-made-god destroy the former exalted opinion of the Japs, or will they continue to accept him as leader under an entirely new role? Only time will tell.

Americans are funny people. During the war everyone was patriotic, and willing to do anything that the government requested. Now that the war is over we want freedom. The government thinks it should continue to hold onto war powers to which the people readily submitted. Remember the days of the bootleggers during national prohibition? It was the smart thing to patronize the bootleggers and defy the government in those days. Today we have the black market. It is the smart thing to defy the government and patronize those who are defying the government. America bought her freedom with the price of blood; and Americans are going to have their freedom even by breaking the laws of the land to secure their freedom. The bureaucrats in Washington should read history.

We may well ponder the prophetic warning voiced by Thomas Jefferson, long ago, when he said: "When all government, domestic and foreign, in little or great things, shall be drawn to Washington as the center of all power, it will render powerless the checks provided of one government on another. And will become as vernal and oppressive as the government from which we separated."

The question of food is the big one throughout the world. America is supposed to feed the hungry world. In face of a general drought in the wheat belt of this nation, this problem becomes acute. However, we all agree that all of us eat more than we need, and generally more than is good for us. Cutting down a little on our eating will save enough food to feed some of those who are threatened by starvation.

HEADED FOR TROUBLE

In spite of this country's great wealth of men, machines, natural resources and technical ability, we are headed for trouble. The principle reason for the trouble is that in the wake of the war there is a crying need for everybody to work harder and longer than ever before and perhaps suffer a decline in living standards to boot, but nobody seems willing to do so. The theme song is shorter hours, higher wages, lower taxes.

However, unless more work and higher production accompanies wage raises, nothing has been gained. As Mr. Bernard Baruch said, "To make the take-home worth while, more things at lower prices must be produced. That is up to labor more than management. Unless each man produces more for what he receives, increases his output, there will be less for him and all the others. Each one will receive more money but have fewer things. . . . Who gets any advantage if goods are not produced faster than wages are advanced and money printed?"

COSTLY LOAFING

The magazine Newsweek of April 8 published the following brief item: "In February, the Labor Department reported strikes lost the nation 21,500,000 man-days of work. At \$1 an hour, the level of average hourly wages the department found in its last survey, February strikes cost the workers \$172,000,000. In February, 1929, strikes took only 156,000 man-days. At 56.6 cents an hour, the 1929 yearly average, they cost \$706,368. In February, 1939, strikes took 553,000 man-days. At the 1939 yearly average of 63.3 cents an hour, they cost \$2,500,392."

The Russians are finding that the British still have the whip over a large part of the world. While Russia has been growing stronger and stronger from within, England has strengthened her hold on the nations which surround and hold Russia in tow. Just how long will that continue? Stalin says Russia does not want war. But Stalin is an old man and is said to be sick. He has some young, ambitious advisers. The world is kept in the dark as to what is going on in Russia. Some day we may find out—too late.

CLARIFIED

Someone had wired a government bureau asking whether hydrochloric acid could be used to clean a given type of boiler tube. The answer was "Uncertainties of reactive processes make use of hydrochloric acid undesirable where alkalinity is involved."

The inquirer wrote back, thanking the bureau for the advice, saying that he would use hydrochloric acid. The bureau wired him: "Regrettable decision involves uncertainties. Hydrochloric will produce submuriate invalidating reactions."

Again the man wrote thanking them for their advice, saying that he was glad to know that hydrochloric acid was all right. This time the bureau wired in plain English:

"Hydrochloric acid," said the telegram, "will eat hell out of your tube."

A male shopper, prowling around a department store, squeezed one doll and it hollered "Mamma!" He squeezed another—and she yelled "Floorwalker."

Track and Field Squad Defeated Tech and New Mex. Here Saturday

Bufs Won 4th Meet of Season: Border Meet on May 11 at Tucson, Ariz.

Without being extended, the West Texas State Buffaloes marked up their fourth straight track victory of the season in a triangular affair, downing New Mexico University and Texas Tech Saturday afternoon.

The Bufs go to Tucson, Ariz., on May 11 for the Border Conference meet.

The undefeated Bufs collected 81½ points. Texas Tech followed with 47½ and New Mexico 38.

Fans looked for a close battle for top honors when New Mexico won three first places early in the meet—100, high hurdles and high jump. But West Texas lost few points, scoring heavily with seconds, thirds and fourths and soon went ahead, accounting for eight first places and tie for another.

New Mexico had four first places and Texas Tech three and a tie for another.

The winners grabbed firsts in the 220, 880, two mile, low hurdles, broad jump, javelin, shot put and tied in the pole vault. New Mexico won the 100, high hurdles, high jump and mile. Tech came home ahead in the 440, mile relay, discus and tied in the pole vault.

Freshman Lloyd Johnson of Wheeler took high point honors with 13½—first in broad jump and 220, second in 100 and ran on the winning 440 relay team.

Teammate Dwaine Lyons was runnerup with 13—first in javelin and shot put, second in discus.

The summary:
100-yard dash: Smith, New Mexico; Johnson, West Texas; Hedges, West Texas; Reynolds, Texas Tech. 10 seconds.

220-yard dash: Johnson, West Texas; Reynolds, Texas Tech; Hedges, West Texas; Roe, Texas Tech. 24 seconds.

440-yard dash: Lewis, Texas Tech; Allison, Texas Tech; Kelley, Texas Tech; Merrill, New Mexico. 52.9 seconds.

880-yard dash: Willoughby, West Texas; Leach, West Texas; Crusier, Texas Tech; Moore, West Texas. 2 minutes, 7.7 seconds.

Mile run: Hogan, New Mexico; Robertson, West Texas; Wool, West Texas; Miller, Texas Tech. 5 minutes, 54 seconds.

120-yard high hurdles: Keswick, New Mexico; Farmer, West Texas; Daugherty, New Mexico; McKnight,

Texas Tech. 16 seconds.

220-yard high hurdles: Pruitt, West Texas; Smith, New Mexico; Glasgow, West Texas; Farmer, West Texas. 27.4 seconds.

440-yard relay: West Texas (Pruitt, Hedges, Averyt, Johnson); Texas Tech was second with no points awarded with only two entries when New Mexico didn't enter.

Mile relay: Texas Tech: (Kelley, Lewis, Reynolds, Allison); New Mexico.

Broad jump: Johnson, West Texas, 22 feet 4 inches; Smith, New Mexico, 22 feet 3 inches; Steen, West Texas, 21 feet 9 inches; Tidwell, Texas Tech, 21 feet 3½ inches.

Pole vault: Reynolds, Texas Tech, 10 feet 6 inches; McKnight, Polk, Texas Tech, tied for third, 10 feet.

High jump: Kiswick, New Mexico, 5 feet 10 inches; Leach, West Texas, 5 feet 9 inches; Ford, Mayfield, Steen, West Texas, tied for fourth, 5 feet 7 inches.

Discus: Florence, Texas Tech, 131 feet, 10 inches; Lyons, West Texas, 121 feet, 2½ inches; Hedges, West Texas, 113 feet, 2 inches; Glasgow, West Texas, 111 feet, 2 inches.

Javelin: Lyons, West Texas, 159 feet, 7 inches; Evans, New Mexico, 154 feet, 5 inches; Hedges, West Texas, 146 feet, 6 inches; Ford, West Texas, 143 feet, 2 inches.

Shot put: Lyons, West Texas, 43 feet, 4 inches; Schlinkman, Texas Tech, 40 feet, 11 inches; Florence, Texas Tech, 40 feet, 1 inch; Terrell, Texas Tech, 38 feet, 3 inches.

Baptists Bought 160 Acres For a Camping Site

The Tierra Blanca Baptist Association has bought 160 acres from Curtis McGehee near Wayside which will be developed into a permanent camp site for the church.

About half of the land is located in the Palo Duro Canyon, and has several living springs. Baptists from 22 counties of the Panhandle will use the facilities offered by this land.

The association bought the land several years ago now owned by C. L. Neeley, which was used as a camping site.

Water Pageant Will Be Put on By WT Students

"Ole Swimmin' Hole" is the title given to an outdoor water pageant which will be presented in late May by students of West Texas State College.

Fifty or more men and girls from the departments of physical education will participate in the pageant, which will be directed by Mrs. Oma Ford. The script is being written by Miss Nell Green. Music department units will assist.

The pageant will be based on a fanciful story of childhood memories. The setting will be the college's outdoor swimming pool. The event will be based around a group of sixteen of the best co-ed swimmers. These girls will do water formations including squares, circles, constellations and other figures. A humorous angle will be the presentation of various water animals.

The featured swimmers will include Marilyn Johnigan of Canyon, Ann Beverly of Palo Duro, Joan Pinnell of Tucumcari, N. M., LaNell Eklund of Amarillo, Velta Speer of Canyon, Jean Truax of Canyon, LaWanda Moore of Canyon, Payrene Bolton of Ballinger, Jean Masae of Amarillo, Mary Cherry of Bovina, Billy DeHart of Claude, Billy Bonifield of Claude, Audrey Lambdin of Amarillo, Avalon Smith of Shamrock, Betty Cox of Canyon, and Mary Ruth Russell of Hereford.

Road to Umbarger Church Not Paved

County Commissioner Clarence Beckman states that The News was misinformed as to the extension of the Buffalo Lake road. This extension will be made only to the Umbarger school, and not to the church.

The paving to the school will be approximately 800 feet; and to the church would be 1,000 feet farther. Mr. Beckman did not request the paving to the church since this did not meet the requirements of the State Highway Commission.

"Traffic jam" on Long Distance

Like automobiles bumper-to-bumper along a congested highway, millions of long distance calls are crowding the wires every day.

To meet this load, we are training thousands of new operators, adding thousands of miles of new circuits, and installing new switchboards so that every call can be handled promptly and to your liking.

The millions of dollars we are investing in this expansion program will mean fewer and fewer delayed calls as construction work progresses. Our aim is to bring everyone better-than-prewar long distance service.

Fishing Banned on the T-Anchor College Farm

Fishing anywhere on the College T-Anchor Farm is strictly forbidden. The farm is not only posted, but is a game preserve, it was pointed out by Prof. Frank Phillips.

A fine of \$23 is imposed on those found fishing at the farm. Several fines have been paid recently. The entire tract is closed to all persons, without exception.

Persons desiring to fish have done considerable damage to fences recently, Prof. Phillips said.

Highland News

This community grieves with the Wildorado community and families of Mr. and Mrs. Jim Sutton over the tragic death of their family at a Bushland crossing last Saturday. Word has also been received of the death of Mrs. Art McVae formerly of this community after she left the bus at White Deer Saturday night and was walking to visit the Roads family who formerly lived at Wildorado.

Scattered showers were received in this community Sunday night. We are still waiting for big rains.

Mr. and Mrs. J. R. Sharp visited at the Carl Fuqua home Saturday afternoon.

The painting and work at the Wildorado church was not completed by Easter Sunday as planned, but will be soon. Work is going on at the Church of Christ building at Wildorado.

Mr. and Mrs. Temple Jarnigan and son and Mrs. Wilbur Cretzinger left Friday to visit Mrs. Jarnigan's family in Tennessee.

Mr. and Mrs. Carl Fuqua visited Mr. and Mrs. Jim Dysart last Wednesday evening and Mr. and Mrs. O'Neal last Friday evening.

Mrs. George Mason is slowly improving after her last sick spell. Lee Mason is among the Wildorado school children suffering with the whooping cough.

Mr. and Mrs. J. C. McKaughan and Jack and Mr. and Mrs. Carl Fuqua were dinner guests of Mr. and Mrs. Harry Fuqua Sunday evening.

Raymond Kimball has been irrigating his wheat from his irrigation well.

The members of the Church of Christ had basket dinner and singing after church services at the Highland school Sunday.

A prominent bishop sat in a box in the opera house awaiting the curtain and watching the fair ladies in low cut evening gowns being ushered to their seats. After looking around the house with opera glasses, one of the ladies in the party said:

"Honestly, bishop, did you ever see anything like it in your life?"

"Never," gravely replied the bishop, "never, since I was weaned."

The psychiatric board was giving a mental test to a colored man. One of the questions was, "Do you ever hear voices without being able to tell who is speaking or where the voices are coming from?"

"Yes sir."

"And when does this occur?"

"When I answer the telephone."

William E. Gladstone was managing the affairs of an expanding British Empire, as Prime Minister, when he was eighty-three.

A farmer was interviewing a young prospective hired man from the city. "Do you know," he asked, "what manual labor is like?"

"Oh, I think so," replied the would-be hired man. "I know he's some kind of a Spaniard."

Why don't they show a comedy or a musical instead of all these dull pictures?" asked the G. I.

"Oh," replied his English date, "we can't show funny pictures in England on Saturday night! There'd be too much laughter in the churches on Sunday!"

Most every man is a loud dresser when a button pops off his shirt.

For years, I have broken out into a sweat when the dentist began drilling on one of my teeth—but recently, he drilled and I smiled sweetly. The ravages of time had made a bridge necessary and he was drilling on the bridge while holding it in his hand.

I can understand the sentiment of the cowboy who had a tooth pulled and said he wanted to keep it in a glass and look at it and say, "Now, ache, darn yuh!"

Traveling over Texas: Bluebonnets seem earlier than usual this year; saw my first ones just north of Ennis on April 2... Little lambs along the hillsides in Coleman and Runnels counties... Just out of Athens, beside the highway, a big dogwood tree, with thousands of blossoms; and near Rusk a thicket against a hill with so many dogwoods in bloom that the trees looked as though they were sprinkled with snow... Approaching Jacksonville, plumes of smoke hovering over a valley at twilight; they came from burning sawdust piles and were held low by the damp air; fresh sawdust burning has a fragrance of its own.

South of Alto, the Neches was in semi-flood and a house on stilts was surrounded by water. Seated on the porch was an old negro, unconcerned reading a newspaper... Judge Hal Leaverton who was mayor of Breckenridge and then county judge of Gregg County is now living in Carthage... Timpson was probably the smallest town in the United States (about 1,500 inhabitants) with a daily paper; the daily was discontinued, however, a year ago after 43 years... A sign in Stephenville, "If you are too busy to go to church, you are too busy."

Discouraged by a laundry that kept sending his clothes back so shrunken out of shape he couldn't get into them, a customer finally got mad and sent them a large railroad spike. To it he wired a note saying: "I'll bet you can't shrink this." Eventually the laundry returned to him in a small bundle. In it was a carpet tack. It said: "The hell we can't."

A soldier recently received a telegram saying his wife had given birth to an 8 pound baby girl. Attached to the telegram was an advertising sticker which read: "When you want a boy, call Western Union."

Cancer Control Is Proclaimed for April By the President

By proclamation of President Harry S. Truman, the month of April is Cancer Control Month throughout the nation. Dr. Geo. W. Cox, State Health Officer, is asking each citizen to consider the danger signals and secure medical advice at the first appearance of any suspicious symptom. There are many causes of cancer; the most common form of which is chronic or prolonged irritation.

One of the questions often asked is whether or not cancer is hereditary in human beings. Tendencies to form cancer may possibly be inherited; however, since the method of inheriting such tendencies is obscure, the presence of cancer in one or both parents should be merely a cause of greater alertness in looking for and recognizing suspicious symptoms on the part of family members. There is no need of a fatalistic attitude. The facts concerning heredity do not justify them.

At the first warning signs recognized, consult your physician. The early symptoms are any sore that does not heal, particularly about the tongue, mouth, or lips; a painless lump or thickening, especially in the breast, lip, or tongue; irregular bleeding or discharge from any natural body opening; progressive change in the size or color of a wart, mole, or birthmark; persistent indigestion; persistent hoarseness or difficulty in swallowing; and any change in normal bowel habits. See your doctor about any of these signals.

Early recognition of cancer symptoms will lead to early diagnosis and treatment, and in many cases the victim can be entirely cured and live out a normal life span.

Double Ring Ceremony Unites Waldeen Dorris and C. Thomson

The Methodist church was the setting for the marriage of Miss Waldeen Dorris, daughter of Mr. and Mrs. J. K. Dorris, of 2701 Fifth Ave., to Carlton Thomson, son of the Rev. and Mrs. Hubert Thomson, of 1718 Fourth Ave., last Friday morning.

The groom's father read the double-ring service at 9 o'clock. Mrs. Thomas Van Valkenburg, sister of the bride, attended her as matron of honor, and Glenn Thomson, the groom's brother, acted as best man.

Preceding the ceremony, Miss Ava Jo Moreman, organist, played "Andantino" by Lemare. Miss Mary Evelyn Foster sang "I Love You Truly" and "Because." "To a Wild Rose" by MacDowell, was played during the exchanging of vows, and the traditional wedding marches were used for the processional and recessional.

The altar was decorated with baskets of pink and white snapdragons and bridal wreath.

Given in marriage by her father, the bride was attired in a blue suit complimented by a corsage of white gardenias. For something old she wore a ruby and pearl lavalier, which her mother wore on her wedding day, and for something borrowed she carried a small white Bible. The matron of honor was dressed in a brown and rose plaid suit with a corsage of Talisman roses.

Mrs. Dorris selected a rose crepe dress and wore a white carnation corsage, and Mrs. Thomson was

dressed in a Navy blue crepe dress with white carnations.

Both the bride and groom are attending West Texas State College.

PRESBYTERIAN GUILD MEETS WITH MRS. HOLMES SMITH

The Presbyterian Guild met in the home of Mrs. Holmes Smith on the afternoon of April 16.

Mrs. C. L. Thompson directed the devotional and the program. Mrs. H. A. Brown rendered Easter poetry and music.

A delightful social hour was enjoyed by the members present: Mrs. R. A. Neblett, Mrs. C. L. Thompson, Mrs. R. A. Jones, Mrs. Roland Black, Mrs. John Gillis, Mrs. J. D. Barker, Mrs. L. H. Owens, Mrs. Charles Joyner, Mrs. Olin Hinkle, Mrs. H. A. Brown, Miss Margaret Barrett, Miss Maud Cuenod and the hostess.

CENTERVIEW H. D. CLUB ENJOYS TACKY PARTY

By popular vote Mrs. T. J. Myers with her peacock plume hat and lace trimmed costume was adjudged tackiest woman and J. W. Wesley was voted tackiest man at the tacky party given by Mrs. Charlie Bauer and Mrs. Finis Brazil in the Johnson School Friday night, April 19.

T. J. Myers was a close runner up for tackiest man and Mrs. J. W. Wesley received several votes. E. W. Schaeffer in his "Denver Dan" costume could not be skipped.

Refreshments of punch and cookies were served to those present. Progressive "42" was played during the evening.

WEST SIDE H. D. CLUB MEETS WITH MRS. J. J. WRIGHT

"First Aid" was the program when West Side Home Demonstration Club met with Mrs. J. J. Wright, April 17, at 3 o'clock.

"A bandage should be firm, but not tight, as a tight bandage may cut off the blood supply and thereby cause severe pains or even gangrene. The knots where they are easy to reach," said Mrs. W. C. Roberts in her discussion on Bandages.

"One of the best old fashioned remedies to stop bleeding is kerosene oil," said Mrs. E. N. Zachry. "Do not wash the wound with soap and water. Rubbing alcohol is the most suitable preparation for removing dirt. Use clean gauze or cotton, beginning at the edge of the wound, and wash away from it, never toward the wound," continued Mrs. Zachry.

"Where poison is taken accidentally or other wise the first thing to do is call a doctor and in the meantime give first aid," said Mrs. Lewis Tuck. "Induce vomiting by giving soapuds, salt water, soda water, luke warm water or milk. Strong coffee, a cup every half hour or so is good in treating poisoning from any sleep producing drug," continued Mrs. Tuck.

"Some degree of shock follows most injuries and is frequently the cause of death. There are only three measures of value in the first aid treatment of shock. Keep the body of the patient warm. Do not have patient sit up except in chest injury and nose bleed. Give stimulant except in case of fractured skull or sunstroke," said Mrs. Lyle Bonner.

Sandwiches, olives, angel food cake and ice tea was served to the following: Mrs. Ruby Davis, a new member, Mrs. Lewis Tuck, Mrs. Lyle Bonner, Mrs. W. L. Avent, Mrs. J. E. Hunter, Mrs. R. A. Burrus, Mrs. J. A. Smith, Mrs. E. N. Zachry, Mrs. B. A. Burrus, Mrs. W. C. Roberts, Mrs. E. W. Bourn, and the hostess Mrs. J. J. Wright.

The next meeting will be with Mrs. Lewis Tuck, May 1, at 3 o'clock.

PATRICIA ANN WILLIAMS HAS ANNUAL EASTER EGG HUNT

Sunday afternoon a number of Patricia Ann Williams' friends gathered at her home for the Annual Egg Hunt. The children were put into two sections according to age, to hunt the hidden eggs. The first prize which was a white rabbit, one given to each group was won by June Carolyn Davis of Canyon and Billie Hagee of Amarillo. Three other prizes were given to the next highest: Susie Hagee, Patricia Louise Dunham and David Dunham of Amarillo.

Pictures were taken of the group and the prize winners with their white rabbits. Punch and cookies were served to the following:

Susie Hagee, Billie Hagee, Jo Ann Bennett, June Carolyn Davis, Patricia Louise Dunham, David Dunham, Kathleen McLaurey, Dr. U. S. Roach, Miss Minnie Schultz, Mr. and Mrs. Clyde Davis, Mrs. Dunham, Mrs. Fred Coburn, Mr. and Mrs. J. V. Williams and daughter Patricia Ann.

SUE HITE CLUB HEAR OF CANADA TODAY

Mrs. E. R. Cleavinger, Mrs. Herschel Coffee, and Mrs. C. A. Wimberley participated in an informal discussion of "Canada Today" at a meeting of the Sue Hite club Monday afternoon in the home of Mrs. Virgil Henson. They were introduced by Mrs. D. M. Foster.

Mrs. Henson and Mrs. W. R. Goins, were co-hostesses, served a salad course at the close of the afternoon.

One visitor, Mrs. N. F. Cleavinger of Spring Lake, and the following members attended: Mesdames Jack Taylor, Chris Wooten, Crews Henry, Robert Jarrett, C. E. Kincaid, H. T. Wilcher, Roland S. Black, Levi Cole, Loyd Devin, Glenn Truax, A. H. Prichard, J. B. Speer, Olin Hinkle, W. R. Goins, Virgil Henson, W. E. Miller, D. M. Foster, C. A. Wimberley, Herschel Coffee, and E. R. Cleavinger.

HIGHLAND H. D. CLUB MEETS WITH MRS. FRANCES MITCHELL

A very interesting discussion of cotton clothing to be shipped to the Philippines relief was discussed and plans made to pack and ship a box of them when the Highland Home Demonstration Club met in the home of Mrs. Frances Mitchell last week.

Mrs. George Cook, vice-president, became president as the former president had resigned. Mrs. W. N. Cretsinger was elected vice-president. Committees were appointed by the president.

Refreshments of coffee, sandwiches and doughnuts were served by the hostess to Mrs. Geo. Cook, Mrs. L. E. Mason, Mrs. W. N. Cretsinger, Mrs. A. F. Moore and Mrs. A. N. Green.

Laura Lee Davis spent Easter Holidays at home from T. W. C. W. at Denton.

Rogge-Roberts Rites Read In Candle Light Service

Miss Hardine Rogge, daughter of Mrs. Ida Rogge, became the bride of Alvin L. Roberts, son of Guy Roberts of Toledo, Oregon, Thursday afternoon, April 18 at 3 o'clock in the Trinity Lutheran Church in Amarillo.

The single ring ceremony was performed by Rev. Martin J. Hartenberger. The altar was decorated with bouquets of white snapdragons and flanked by lighted tapers in tall golden candelabra and palms.

Music with Lilly Larson at the organ included "Chime Prelude," "Ah, Sweet Mystery of Life," "Indian Love Call," and the Bridal Chorus from "Lohengrin." "Because" was played softly during the ceremony. As a recessional Mendelssohn's "Wedding March" was played.

The bride was attired in a white dress complimented by white accessories and a bouquet of pink carnations tied with light pink satin ribbon.

Miss Helene Schuette served as bridesmaid. She wore a blue suit complimented by white accessories and a corsage of gardenia surrounded with tiny pink rosebuds.

Gerhard Rogge, brother of the bride, served as best man.

In the evening a reception was held in the home of the bride's mother. Those served were the honorees, Mr. and Mrs. Alvin Roberts, Mr. and Mrs. Fred Schuette and family, Mr. and Mrs. Herman Kuhlman and family, Mr. and Mrs. Herbert Gerdsen and daughter, Mr. and Mrs. Fred Gerdsen, Mrs. Frieda Gerdsen, Mrs. Pauline Wendelkin and Wilbert, Misses Helene and Wilma Schuette, Gerhard and Erich Rogge and the hostess.

BUSINESS WOMEN MEET WITH MCINTIRE - MAYFIELD

On Wednesday evening of last week Mrs. Berl Mayfield and Mrs. N. E. McIntire were hostesses to members and guests of the Business Women's Bridge Club.

Tulips, iris and bridal wreath were arranged in most unusual and attractive groupings through the entertainment rooms. Party corsages marked the place cards for the players.

Brick ice cream, individual cakes, iced in pale green and decorated with perfect icing white easter lilies, green and white mints and punch were served to Mrs. Clay Cooper, Mrs. K. E. Frieze, Mrs. Claude Moore, Mrs. Guy B. Tabor, Mrs. Robert Parsons, Mrs. R. E. Ball, Mrs. E. I. Boyce, Mrs. Vi Bechtold, Mrs. W. T. Wilcher, Mrs. C. R. Fleisher, Mrs. Gladys Samples, Mrs.

Rotary Anns To Be Guests of Club on Next Tuesday Nite

There will be no luncheon of the Canyon Rotary Club Tuesday noon as the Rotary Anns will be guests of the club members at 7 o'clock Tuesday night.

Rev. Joseph Findley, pastor of the First Christian Church, spoke

at the luncheon Tuesday on "Personal Religion from an Objective Point of View."

The speaker pointed out that too many people are looking for the one correct religion. The Lord did not make one tree, which is called correct. There are many kinds of trees; many types of religion.

The speaker pointed out five tests for religion:

1. Is our religion increasing our ability to get along with people?

When the spirit of good-will prevails our religion is wholesome.

2. In our religion do we fear or welcome new sources of information? The world is changing; new things are being discovered; unforeseen fields of knowledge are being opened. We cannot fear these new things.

3. Does our religion provide peace of mind? Religion is a dangerous thing when it tears up the peace of mind. Christ brings peace of mind.

4. Does our religion welcome normal growth of life?

5. Does our religion make us humble, or vain?

Visitors were: Roland Black, Cecil Sigman, Karl Meyers, Jack Lyons, James Speer, all of Canyon; Jim Haynes of Borger; Roscoe Davis of Houston; Henry Benson, Troy Moore, Henry Sears, all of Hereford; Ernest Rogers, Arch Hunsley, Irving Tolzein, Ross Rogers, L. Wood Jackson, H. N. Wheeler, John Oakes, C. R. Janak, H. C. Vincent, all of Amarillo; Walter Dibrell of Ketchikan, Alaska. The latter is a retired lighthouse keeper, originally from Coleman, Texas. He and his wife are on a vacation trip back home, but continue to make their home in Alaska.

Dean Nicholas who is employed with the Santa Fe Railroad at Gage, Oklahoma spent the Easter week end with his parents, Mr. and Mrs. D. A. Nicholas.

Earl Lock Neff, who is a student in Creighton University, Omaha, Nebraska, is spending this week in Canyon visiting with friends.

Mrs. C. M. Thomas of Amarillo was a week end guest in the Levi Cole home.

SAFETY

MM Tractors Are Built for Economy and Dependability

MM Tractors are visionlined for safe, easy and comfortable operation on any farm power job the year around. Visionlining assures better work because the operator can always see what he is doing, and the seat is comfortably low to the rear of the drive wheels for additional safety at all times. "Visionlining" of tractors was introduced by Minneapolis-Moline many years ago and is basically an exclusive MM feature which does much to ease the normal strain on any tractor operator and,

thus assures better work and perhaps even more work under many conditions. STAMINA . . . the ability to "take it" for long periods of tough going . . . doesn't come as an accessory to tractors or farm machinery. You can't buy it as an EXTRA. It's either designed and built into every part of the machine or it isn't there at all. MM products are famous for stamina—year after year, owners report records of long, low-cost efficient service and the fact that MM products stay MODERN. 5p

Fifty Men Are Out to Meet Coach Gus Miller in Daily Practice

Quiet, cagey W. A. (Gus) Miller isn't saying much about the fifty West Texas State College football candidates who began spring football training this week and will work daily until May 18.

"Our play will speak louder when we take the field next fall," Miller said.

Such rank optimism is based upon the fact that talent is stacked deeply at every position, in contrast to the poverty West Texas State has known in keeping the sport alive during the last two seasons. As it looks now, the Buffalo machine will have weight, power,

speed, and excellent passing and punting.

There are 17 lettermen in the spring squad. Some of these are youngsters from the 1945 team, while others are returned veterans. There are 29 World War II veterans among the fifty men now in training. Many of these are heavier, smarter, and tougher than when they joined military forces.

Among the veterans is letterman Leroy Reeves of Childress, whose pre-war punting, passing, and running marked him as one of the Southwest's finest backs. And there are others capable of being his running mates—men like Monk Ford of Canyon, Joe Cook of McLean, Hoss Bledsoe of Seymour, Billy Greenfield of Dumas, Rufus Bradford of Borger, Kenneth Glasgow of Pollett, and others.

Coach Miller will use the T-formation again this year. He will train the backfield while Coach W. W. (Windy) Nicklaus takes the line. Also assisting in spring training is Coach L. E. Van Meter, intramural director.

The schedule follows:

*Sept. 21—Texas Tech at Lubbock.
*Sept. 27—Houston U. at Canyon.
*Oct. 4—N. M. U. at Albuquerque.
*Oct. 12—Colo. College at Canyon.
*Oct. 19—Texas Mines at El Paso.
*Oct. 25—N. M. Aggies at Canyon.
Nov. 2—Open.
*Nov. 9—H. S. U. at Abilene.
Nov. 16—Wichita U. at Canyon.
*Nov. 23—Arizona State at Tempe, Arizona.

*—Border Conference games.

The spring roster includes the following:

Quarterbacks—Leroy Reeves of Childress, Joe Cook of McLean, Monk Ford of Canyon, Hoss Bledsoe of Seymour.

Fullbacks—R. C. Boyer of Amarillo, Vick Bates of Childress, Burl Pruitt of Panhandle, Joe Willoughby of Shamrock.

Halfbacks—Rufus Bradford of Borger, Billy Greenfield of Dumas, Troyce Waldrop of Phillips, Rex Sheffy of Dimmitt, Kenneth Glasgow of Pollett, Red McNeeley of Plainview, Ray Moore of Munday, Frank Smith of Memphis, Lloyd Johnson of Wheeler, Bill Bond of Brownfield, V. A. Person of Abernathy, Harold Rhoads of Abernathy, Lewis Hartzog of Pampa.

Centers—Buddy Jacks of Borger, Bob Winkler of Plainview, A. D. Shaver of Seymour.

Guards—Beryl D. Clinton of Stanton, Clovis Hill of Silverton, Sedley Levy of Clovis, N. M., Dwaine Lyon of Olton, O. C. Rampley of Silverton, Elvin Lyon of Olton, Junior Brown of Childress, Harold Dalton of Brownfield, Jack Lyons of Amarillo.

Tackles—John Cubine of McLean, Bob Terry of Cameron, Karl Meyers of Canyon, Alva Fink of Tulla, John Truelove of Vernon, James Love of Vernon, Gene Mayfield of Quitaque, Jack Tidmore of Chillicothe, Don Leach of Wellington, Omar Jordon of Vernon, Jack Covey of Abernathy, Ben Denton of Brownfield, Monroe Rowden of Brownfield, Harvey Lutrick of Abernathy.

"I'm sorry," said the elevator girl. "Did I stop too quickly?"

"Oh, no," cooly replied one of the feminine passengers. "I always wear my bloomers down around my ankles."

Many a man didn't have a rag on his back when he got married, but does now.

A student in economics class expressed doubt concerning the size of some government expenditures that the professor mentioned.

"I want you to understand," retorted the professor, "that those aren't my figures. They're the figures of a man who knows what he's talking about."

"Repeat the words the defendant used," said the lawyer.

"I'd rather not. They are not fit for a gentleman's ear."

"Then," said the lawyer, "whisper them to the judge."

"What's this, honey?" A newlywed asked his bride.

"Lucifer cake, dear."

"But I thought you said you were going to make angel cake."

"I intended to but it fell."

Later

May be too late

Most of us have the unfortunate habit of wanting to put off until the last minute things which we know must be done.

This may be the case with your Tractor, and other farm equipment, which is vital to 1946 food production.

Fortunately we are in position to give you good service in our repair shop right now.

Unfortunately we shall probably receive few new tractors this year, because of strikes and other shortages.

Fortunately we are in position to furnish needed parts, and give you experienced workmen for your repair job right now.

Unfortunately these repairs may not hold out for the entire year, and our workmen are always rushed during the busy farm season.

That is why we urge that you bring in your tractor for repairs NOW!

ANNOUNCEMENT

I wish to announce to the people of Randall County that I have bought the interest of the late Oscar N. Gamble in the Gamble & Cheatham store in Canyon.

I am the sole owner of this business, and cordially invite all of our former customers to continue doing business with this old established Clothing Store.

I am fortunate in having bought a good stock of Men's Clothing and furnishings early this year, and these are being received daily. While shortages will probably be a national pest for many months to come, you may be assured that I shall have new stock as fast as it can be produced by the manufacturers, whom this store has represented for many years.

Your patronage will be greatly appreciated, and I shall do my best to get you the merchandise that you need.

The name of the store will be Cheatham's Furnishings.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of April 28, 1921)

Anna Lou Johnson and H. O. Price were married.

A carnival company which drifted into Canyon to stay a week blew after two days. City and county officials imposed the maximum license on the outfit of \$200 per day.

The first golf tournament ever held in the Panhandle was played at Lubbock Sunday and Monday. Wallace R. Clark played in Class A; Grady Oldham in Class B; T. V. Reeves and J. P. Hix in Class C. Others going from Canyon were Zeb Mitchell, C. H. Jarrett and C. N. Harrison. Reeves made the longest drive recorded on the Lubbock course, 360 yards.

Miss Sallie Cage, daughter of Mr. and Mrs. A. B. Cage, who were pioneer settlers of Randall county, died Sunday at Bartlett, Orge., where she was teaching.

Wheat is reported to be suffering from the dry weather.

The Green Valley Ranch in the west part of the county, consisting of 25 sections, was sold by W. R. O'Keefe to Dallas men.

Homecoming Is Set For Oct. 26 This Fall

West Texas State's first homecoming since the war will be held next October 26.

In announcing this date, President J. A. Hill said this occasion would be the largest homecoming in the history of the institution. Every effort will be made to provide a program which will attract ex-students from distant as well as nearby cities.

No homecoming event was held last year because of transportation difficulties and scarcity of eating places. By next fall the new college cafeteria will be able to feed more than a thousand persons in two hours.

Homecoming also was delayed because of a desire to wait until most of the men in service have returned.

A feature of the homecoming program next fall will be a football game between the Buffaloes and the New Mexico Aggies.

A teacher was discussing natural history.

"Now, who can tell me where the home of the swallow is?"

After a short deliberation, a student ventured to answer:

"The home of the swallow is in the stomach."

"Is it true," asked a young lad of his father, "that it's necessary to work hard in order to succeed in life?"

"Yes, my boy. The minute a man begins to shrink from work, it's a good sign that he's all washed up."

Chapel Fund Is Increased \$1000 During the Month

More than one thousand dollars was added to the West Texas State chapel building fund in the first half of April, according to President J. A. Hill.

The total received stood at \$20,206.41, Dr. Hill said, in addition to several thousand dollars pledged but not paid.

Among the recent donors were Gamma Phi sorority, which paid the last \$50 on a \$100 pledge, and Kappa Tau Phi sorority, which gave \$100.

Other contributors were Robert Kilgore, Canyon; Mary Lou Robertson, Lubbock; Miss Linnie Babson, Canyon; Dr. Fred W. Oberst, Lockland, Ohio; Mrs. Floyd R. Duns-worth, Miami; Miss Wilma Turk, Springfield, Mo.; Misses Beryl and Wilma Hixson, Canyon; Mr. and Mrs. Ishmael Hill, Nashville, Tenn.; Mrs. Zudie Bible Edwards, Amarillo; Hereford Civic Chorus; Bill Mitchell, Panhandle; George Davis, Canyon; Winnie Dee Hicks, Vancouver, Wash.; Dr. Margaret Wiley, Commerce; Mr. and Mrs. Beryl Dean Clinton, Canyon; Mr. and Mrs. A. B. Culp, Plainview.

Sixty-six persons and firms have given \$100 or more to the building fund.

Dr. Hill is inviting citizens of the entire southwest to make contributions of any size to this project, which has been widely endorsed by ministers, women's clubs, civic clubs, and individuals.

Historian To Be Speaker at the Annual Meeting

Dr. E. E. Dale, head of the history department at the University of Oklahoma, will be a featured speaker at the annual banquet of the Panhandle-Plains Historical Society here May 10.

In making this announcement, Dr. L. F. Sheffy, secretary of the Society, recalled that Dr. Dale was an entertaining speaker when he addressed a similar banquet several years ago. Dr. Dale at one time was a cowboy in the Oklahoma Panhandle.

Newton Harrell of Claude, Society president, will preside at a business session in the Plains Museum here at 2:30 p. m. May 10. The banquet session will begin at 7 p. m. at Cousins Hall.

One of the matters for discussion will be setting of the date for resuming work on the two-story addition to the museum.

PAYMENTS ON YOUR

FARM LOAN

CAN DO DOUBLE-DUTY...

Patriotic farmers work long hours to get a job done. It's this "double-duty" that means the difference between a good crop and just a fair one.

It's double-duty performance too, that tells the difference between ordinary farm loans and the new, long-term loan with the PREPAYMENT RESERVE now available at this bank.

In an ordinary loan, extra payments on principal reduce future interest charges, and no more. They stop working for you then and there.

Extra payments on your loan from this bank not only give you full interest saving—they also build, at no cost to you, a reserve for paying interest and principal in less favorable years.

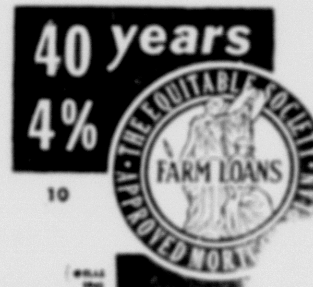

Don't be satisfied with an ordinary loan! Insist on one that makes your extra payments do "double-duty."

Now, through our special arrangement with The Equitable Life Assurance Society,

you can obtain farm loans from this bank with this unusual feature and other advantages listed below.

CHECK THESE ADVANTAGES

- 1 Prompt, friendly local service—No red tape... Deal with people you know.
- 2 Pay any amount at any time from farm income—the famous Farm Income Privilege.
- 3 No extra charges—No stock obligations. No fees and no commission to pay... only the usual abstracting or title policy and recording expense.
- 4 4% guaranteed 40 years—Take your choice of 14 different plans.
- 5 Save time and money—Make the payments on your loan here at this bank.
- 6 Prepayment Reserve—Save interest on your extra payments while they build a reserve to tide you over lean years.

What is your **GUESS?**
on our profits...

SOMETIMES, although an idea is wrong, it does no harm. Like the idea that a square jaw is the sign of will power. That winters aren't as severe as they used to be, or that red hair denotes quick temper.

But there are other wrong ideas, which are definitely harmful to public confidence in and understanding of industry. One such idea is the current "guessing" about profits made by large business organizations.

Many people are apt to grossly exaggerate the money made by business. So Opinion Research Corporation (an independent organization) made a survey to learn just what the public thinks about profits. Compare these guesses and yours with the International Harvester profit figures given below.

Public guess on war profits... 30.0%
I H four war year average profit... 4.9%

In this survey, the average of the guesses by the public of the war-time profits made by industry was... thirty per cent (30%).

But in the four war years of 1942, 1943, 1944, and 1945, the profits of International Harvester Company averaged only... 4.9% on sales. Less than one sixth of what the general public "guessed" for all industry.

For this period, the year by year per cent of profits on sales was: 1942—7.34, 1943—5.59, 1944—3.95, 1945—3.93.

Public guess on peace profits 18.0%
I H four pre-war year average profit... 7.17%

In the four peace years of 1938, 1939, 1940, and 1941, the profits of International Harvester Company averaged... 7.17%. This is well under half of what the public "guessed" for all industry.

Majority think fair profit in normal times is... 10%
I H ten-year average is less than 7%

The survey indicates the public knows that in our economy profits are indispensable. And the majority regard 10% as a fair

rate of profit in normal times. Many large businesses, including ourselves, would consider it a banner year if we could reach this figure. Our average profit for the last ten years—four war and six peace—was 6.43%—more than a third less than what the public considers fair.

All these figures show that our profits are not high. As a matter of fact, the entire farm machinery industry is a low profit industry. In 1944, the Federal Trade Commission published a list of 76 industries ranked in order of their ratio of profits to sales. The farm machinery industry was 57th on the list.

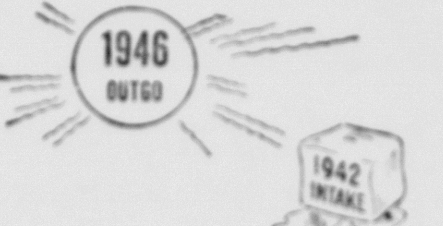

What About Current I H Prices?

When the War ended and we planned our peace-time production, we had hoped to be able to serve our former customers at the same level which has held since 1942, regardless of war-time increases in costs of wages and ma-

terials up to that time. But recent developments have forced a change in our plans.

Wages and materials consume nearly all of every dollar Harvester takes in from sales. A Government board has recommended and the Company has agreed to pay a general wage increase of 18 cents per hour for Harvester factory employees. The Government has also allowed price increases on raw materials which we purchase in large quantities. Steel has had an average increase of 8.2%.

There has been no general increase in our prices since they were frozen by the Government early in 1942.

So our situation today is that what we BUY costs us 1946 prices. We will be paying average hourly wages 56% above 1941. For what we SELL, we get only 1942 prices. This condition cannot long be met out of our present low rate of profit.

Future Prices on I H Products

It is plain that price relief will be needed to meet the increased wage and material costs which we must carry.

We regret this necessity. We prefer to lower prices, when possible, rather than raise them and we know our customers prefer to have us do that. We had hoped to be able to "hold the line," at least.

But we do not see how we can avoid operating at a loss if our prices continue to remain at their present frozen levels. We will NOT "cut corners" on any of our products, because QUALITY IS THE FOUNDATION OF OUR BUSINESS.

Our customers can be certain that we will seek no more than a moderate profit, both because of our policies and because we have approximately 300 competitors fighting us vigorously for your business. Our request for price relief will be no more than is necessary to insure continued service to our customers, continued work for our employees, and a reasonable return for our stockholders.

Students Present Grade Operetta

"Why the Garden Quarreled" by Kathryn Christie, is an operetta that will be presented in the High School Auditorium Friday, April 26, at 1:30 o'clock. There is no admission and parents of grade school students are cordially invited.

This playlet has been in production for some time, but concentrated work has been underway for the last two weeks only. The operetta is directed by Mrs. Hazel Stuart and other grade teachers from the first grade through the fourth. There are 215 children in the cast and work promises to equal in interest any of the performances of other years.

We appreciate the mother's concentrated work on the colorful costumes for the children," Mrs. Stuart says, "and we feel that the pleasure they shall receive in seeing the pageant will somewhat repay them for their trouble."

Room mothers Mrs. R. A. Neblett, Mrs. Ed Michael, and Mrs. Ross Craig gave an Easter egg hunt for Mrs. T. W. Collins' first grade. The children hunted the dyed eggs, then they went to Mrs. Neblett's for refreshment of cold pop. Four prizes were given to Anita Marshall for finding the golden egg and Joy Oldham, Juanita Griggin, Joy Kline, and Donald D. Crow received candy bars for finding the fewest eggs.

Gifts of vases were presented to the room mothers Mrs. W. E. Miller, Mrs. J. E. McGehee and Mrs. J. P. Lill by Mrs. A. K. Goodman and her students.

Billy Ray Partridge will be out of school for quite sometime because of illness.

Substituting for Mrs. Mary Gillispie, who was out of school because of illness at home, last week was Mrs. Christian.

Mrs. Gillispie and students are glad to have Yvonne Jackson and Joe Duckerson back in school after several days of illness.

An Easter party, refreshments, and a play given by 6D were enjoyed by Miss Wilma Cupell's room last Thursday.

The students went to Mrs. Mitchell Jones' home Wednesday night for a costume party representing some historical characters.

Mrs. John Davis' room had an Easter party Thursday and presented a program, "The First Easter Egg," to the 6C. Refreshments of punch, sandwiches and cookies were served.

"The Word Family" concerning parts of speech, was given Tuesday and Wednesday by Mrs. Andy Walsh's English classes, 6D and 6C.

Consisting of hunting eggs and other games the room mothers, Mrs. Ed Harrell, Mrs. Terrill Christian, Mrs. H. R. Coconougher, Mrs. Worth Jennings and Mrs. M. O. Slack gave 5J and 5W a picnic at Roadside Park last Thursday.

Treats and baseball games were enjoyed Thursday by Mrs. L. M. Cousins' room given by Mrs. Roy Montgomery, Mrs. Ralph Cabe, and

Six Selected for Junior Who's Who

Dear CHS Students,

I have been mighty busy this past week but decided to write you a column to let you know a few things that are going on in school. First off...

This dream man of an eighth grader, Troy Burrus, has at long last found the girl of his many dreams. Mary Ladehoff seems to fill his bill perfectly.

I received a note a few days ago saying Gerald McDuff and Sue Jennings enjoyed keeping each other's company.

Special to sophomores:

Dick Barrett has a girlfriend! I know because I saw the beautiful corsage he gave Martha Wilson last Thursday night.

Seen around together are Pauline Seales and Jr. Bauer. Nice couple, aren't they?

Austell Burrus has turned his spring love to none other than Sue Gillispie. I heard they had a lovely time one night last week.

Touring the eighth grade department, I see initials and writings around which gives me the impression that Donna Erwin can't make up her mind between Bruce Winn and Harold Martin. Is my impression right, Donna?

Freshmen and sophomores do mingle together quite nicely, don't you Verna Davenport and Lee Bailey?

Note to freshmen:

With my own eyes, I saw Mable Graham and Jerry Inman together and they looked quite happy over the matter.

I guess you knew that you had lost one of your thriving classmates to that hard working junior, Ridings Sloan. Suzanne Stephenson, you are going steady with him, aren't you?

James Inman and Juanita Avent are together again! It doesn't hurt anyone to have a little argument, does it James?

This is a correction from last week. Janey Forrester was not seen with Bill Knighton last Saturday night. You should know she is always with Richard Walters on Saturday nights. Incidentally Nancy Ann Nicklaus was with Bill.

Bobby Jean Ford, Barbara McDougal, and Joanna Haines certainly do enjoy these Saturday nights, don't you? Ole Cal heard the party was a lot of fun!

Scharlean Pyeatt seems to be Meade Michael's dream girl. Better be careful Meade, that strong man Charles Wright might have something to say.

Harry Campfield is very happy now that a new girl, Weedon Young, has come into his life. Her bracelet fits you very nicely.

Girls selected for the all-tournament volleyball team for the season 1944-45 were given awards last Monday. They are as follows: Marilyn Johnigan, (then a senior); Anita Johnigan, junior; Mary Alice Browning, sophomore; Earlene Davis, freshman; Sue Dickerson, eighth grade; and Leona Graves, seventh.

Gorthe completed what is judged by some to be the greatest single work of philosophical literature, Faust, when he was eighty-two.

Mrs. Walter Graham.

Mrs. Tom Brasher and students are glad that Teddy Lowe is able to be in school after having a badly injured nose.

An Easter party was enjoyed by the students given by Mrs. K. L. Pond, Mrs. W. D. Stone and Mrs. Ed Money Thursday.

Barefooters, Alias Dignified Seniors

Seniors of 1946 pause for a picture on Kid Day. Reading from left to right on the bottom row they are: Norma Jo Currie, Wilma Schuette, Louise Tuck, Eloise Adams, Cheri Kilchrist, Louise Dickinson, Ruth Prichard, Billie Jo Wallen, Jessie Pearl Harding, Shirley Harrison and George Schaeffer.

Top row: Ray McDonald, Norma Zell Zachry, Malcolm Gunter, Billie Danner, Bobby Mickey, Alice Pierce, Blake Zachry, Pauline Ruthart and Anita Johnigan.

Quick, Watson, A Clue!

Horseplaying cuties are: Anita Johnigan, Louise Dickinson, Ye Olde Editor, Billie Danner and Cheri Kilchrist.

Last year's championship trophy for volleyball intramurals was received this week by the sophomore girls (then freshmen), and the all-stars also received their plaques which were ordered last year.

Members of the eighth grade team received the consolation trophy for the recent intramurals, sophs and seniors battled it out in the semifinals, Tuesday, April 23. Finals were played Wednesday afternoon, the last period in the grade school gym.

According to Miss Grace Aaron, coach, the girls' baseball intramurals are to begin Monday, April 29.

Congratulations to West Texas State for winning the track meet Saturday.

Fifteen members of the press club will leave for Amarillo Friday morning at eight o'clock. They will visit the Amarillo Daily and Amarillo News Globe offices, as part of their Journalism training.

The group will be conducted through these buildings on a tour.

Under the direction of Mr. Houston Bright, the A Cappella Choir of West Texas State is scheduled to visit Canyon High Thursday, April 25, at 11:15 to present a program of approximately 30 minutes.

24 Seniors Picnic '46 'Sneak Day'

"Those seniors have done it again!" I guess, course I wasn't there to see Miss Kathryn Davies make out the usual absentee report and hear her say "Where's Pauline Ruthart today? And Shirley Harrison and Wilma Schuette? Queer that they're all gone at once. Oh, well—" And Mrs. A. K. Knott practically got writer's cramp just making out a little ole absentee slip. "Ruth, Norma Jo, Alice, Johnnie, Weldon? And that corner over there certainly is quiet? But no wonder—Cheri, Louise and Anita are gone. Hm-m-m-m. I wonder." "Gee, my English IV class certainly is small today—20 absentees!—and they're all seniors, too!..." stated Mrs. Wilma Hornstra. I was kinda getting worried. You don't suppose they all got expelled—no that just couldn't be! Well by the time the third period rolled around the teachers were really beginning to wonder. Mrs. Polly S. Merchant stated "Those girls would have to be absent just when we need them" the most.

No, those seniors didn't get expelled—or sent up and they WERE cleared through the office. Incidentally—Wednesday April 24 was official "Sneak Day" for the seniors.

Future Farmers Tip Scales for Awards

Tying with Claude for third place, the local F. F. A. boys will enter the Area contest at Tech in Lubbock, Saturday, April 27. James Inman tied for high point man of the event. Clarendon placed first while Panhandle won second place in the Greenbelt District Meet in which nine teams competed. The boys won first in the hog judging, third in dairy cattle and fifth in sheep. Jones Hales and James Bible tied with three others in the hog division. A poultry judging team composed of Donald Davis, Eugene Morris and Benny Pyeatt, won sixth. The Canyon F. F. A. boys were high pointers in the dairy cattle division.

"School Daze" Honors Seniors Of Canyon

"School days, school days," that's the theme used at the party given by Mrs. Roy L. Johnson to the seniors of Canyon High School and W. T. Training School Tuesday, April 23, at 8 o'clock in the Baptist Social room.

Conducted exactly as a school day, the group had lunch-tickets presented them before receiving their refreshments of sack lunches. Then after the recess, a speaker talked to the "class" a few minutes, games were played, then school was dismissed.

Trict chairman of Publications, and Mrs. J. B. Speer is district chairman of Your Books. Also, Mr. Speer will introduce speaker Dr. R. M. Hawkins, president of Sul Ross College, Alpine.

Retiring and incoming officers of the Canyon PTA will attend the program Thursday and Friday.

Faculty Chooses Honor Students

Chosen for the Junior Who's Who of 1945-46 by a committee composed of Dr. J. B. Speer, superintendent, Mr. Milton Sanders, principal, and Miss Kathryn Davies, junior class sponsor, are the following: Betty Ann Miller, Geraldine Small, Frances Gooch, Mary Ann Parker, James Rigby, and Bill Davis. The six students had to acquire certain standards before they were considered. These standards are based upon leadership, scholarship, and contributions to the school as well as having a B average throughout high school.

Miller Is Annual Editor

Editor of "Soaring Wings," the Canyon High School annual is Betty Ann Miller who also served as editor of The Eagle's Tale during the first semester. She is a member of the Quill and Scroll and as a sophomore, was secretary to the Student Faculty Congress.

Serving as vice-president of the Student Faculty Congress is Geraldine Small. She took part in the junior play "Mystery in the Library" and was a runner-up in the Pin-Up Girl contest. She was recently initiated into the Quill and Scroll and is a reporter on The Eagle's Tale staff. Geraldine is an active member of the F. H. A., serving as recording secretary for Area I. She is secretary of the junior class, was junior candidate for Hallow'en Queen, vice-president of her sophomore class and assistant art editor of the annual.

Gooch Wins Honors

Frances Gooch, an active member of the Press Club, serves as assistant editor of The Eagle's Tale. She is treasurer of the P. H. S. P. A., a member of the Quill and Scroll Honor Society, and took part in the junior play. As business manager of the annual "Soaring Wings," Frances was also a member of the Drum Corps and served as president of her freshman class.

Chosen as favorite of the junior class was Mary Ann Parker. She came to CHS last fall from Ft. Worth. Mary Ann is one of the junior representatives to the Student Faculty Congress.

Rigby Is Class President

Chosen for two years as class favorite, James Rigby serves his classmates as president. James won third place in the recent Pin-Up Boy contest.

Bill Davis serves as treasurer of the junior class. During his sophomore year, Bill was president of his class. Portraying the part of "Elsworth" in the junior play, and serving as business manager of the basketball and football teams, Bill also represented CHS in tennis at the district 1-A Track Meet in March.

A group of sixth graders from W. T. Training School presented an operetta, "Sleeping Beauty," Tuesday, April 22, at 1:30 under the direction of Miss Novella Goodman.

Dennis Hawkins and Barbara Beck headed the cast as King and Queen. The part of a prince was played by Marshall Jones and the Princess was Florence Marie Coffee.

FFA Boys Will Have Parent-Son Banquet

Twenty-eight FFA boys of Canyon High School are giving a banquet Friday night for their parents at eight o'clock in the Methodist Church basement.

The menu will consist of fried chicken, mashed potatoes, gravy, buttered peas, lettuce salad, hot rolls and butter, cake with ice cream, and iced tea or coffee.

The FFA boys are bringing their parents will be: Max Bellah, James Bible, G. J. Bonds, Clifford Burtz, Donald Davis, Erwin Davis, Wayne Davis, Jimmy Dietz, Kenneth Fisher, Malcolm Gunter, Wayne Griffin, Jones Hales, James Inman, Bobby King, Ross Forbus, Bobby Mickey, Ray McDonald, Eugene Morris, Wesley Prater, Harold Prichard, Benny Pyeatt, Bobby Scruggs, George Schaeffer, Billy Spann, Charles Wright, Blake Zachry, Dennis Burrus, and Benny Woods.

Ray McDonald will serve as toastmaster for this ninth annual FFA banquet.

Well-Known Paintings Arrive, To Be Hung In Classrooms

Because the seventh graders sold the greatest number of tickets to the Colonial Art Exhibit, held here February 14-23, two of the four pictures bought by the school will hang in Mrs. R. E. Ball's, the class sponsor's, room.

The four paintings, purchased from the Colonial Art Company of Oklahoma City, arrived Monday. They are: "Springtime" by Weigand (\$22.50); "Windmills of Holland" (\$12.50); "Shepherd Boy" by Leubach (\$30.00); and "Lincoln" by Tyng (\$22.50).

As stated before "Springtime" and "Windmills of Holland," the choice of the seventh graders will hang in Mrs. Ball's room. "The Shepherd Boy" will be placed in Mrs. Cecil Simms' room, and the portrait of "Lincoln" will be kept in Mrs. P. S. Merchant's room or will fill a space on the library walls.

Highway Engineer Asks Motorists To Observe Rules

State Highway Engineer D. C. Greer, makes a strong plea to motorists, urging them to more strictly observe the highway signs and markings to help reduce a mounting highway accident toll which threatens to take more lives than war.

"There are many physical hazards on our highway system and thousands of miles of our roads are obsolete and unable to adequately and safely accommodate the growing traffic burden," he said. "These deficiencies can only be remedied by redesigning and reconstruction which entails expenditure of large sums of money."

"Unfortunately, the funds are not available, and will not be available for many years, to make our highways as safe as they can be made from an engineering standpoint," he pointed out.

"Many collisions also may be attributed to mechanical defects in the vehicle, but despite these defects and the physical hazards of the road, a cautious driver can usually avoid trouble regardless of the condition of the vehicle or the highway."

"Head-on collisions and side-swiping accidents on our highways would be virtually eliminated by observance of our center stripe system," he said.

This system of marking prohibits a motorist from passing another when the auxiliary dashed line is on his side. The continuous center stripe should not be crossed except when one vehicle is passing another. Greer asked drivers to keep a sharp eye for the yellow caution series signs which are designed and placed to warn of approaching curves, cross roads, narrow bridges, and other danger spots.

"These are simple rules," he said, "but hospitals and cemeteries are daily claiming too many people who have violated them or forgotten them."

Calling attention to the fact that any good traffic system will save lives if correctly followed, he said that the Texas system, developed from years of study by competent traffic engineers, is likewise of no value unless it is observed.

XIT Reunion Will Be Held June 22-4 at Dalhart

The Tenth Annual XIT Reunion in Dalhart—based on the history of the famed three million acre XIT Ranch which was in its heyday from 1885 to 1912—will be Saturday, Sunday and Monday, June 22-24. Hereafter it has been two days during the first ten days of August. Prime consideration in the change, directors said, was to get away from the sweltering late summer heat.

Stockholders, at their annual meeting, unanimously re-elected J. C. Parker, Allyn Finch and Charlie Coombes to two-year terms as directors. Holdover directors are Dan W. Spencer and S. E. (Eck) Brown. Directors re-elected Spencer chairman.

In the last five years the government has built \$115,000,000 worth of housing in Texas.

Admiral Nimitz, hometown Fredericksburg, will celebrate its 100th birthday May 5th to 8th, 1946.
